### A Letter from Mr. B.

Dear Wonderful Blessed Sacrament Families,  
As we continue to adjust to our new tuition model I would like you to know the following:

- Our school is absolutely not closing. Our intention is to be here for at least another 65 years! This rumor is not based on any facts or plans.
- We look forward to your registration (and FACTs tuition assistance application if you choose to investigate that at your convenience).
- I am always available before and after school, or by appointment during my prep hours and at later times in the evening. Please don't hesitate to come in to talk to me in person about any of this. I've had many meetings and those that have talked to me went away feeling more informed about things.
- Let me know if there is anything else I can do to help!

### **VERY IMPORTANT INFORMATION about the new tuition model:**

- We encourage all families to **PLEASE apply for financial aid / scholarships starting with the FACTs system.** The link was emailed out and is also on the school website under Admissions. Those that have filled it out have found it to be user-friendly and comprehensive in terms of taking

many financial aspects into consideration!

Olivia says, "Be So Kind and register soon for Blessed Sacrament for next year!" Thanks a million!

- We will **not turn away** a student / family who has financial need.
- There is a **Blessed Sacrament Alumni Fund already established** to help families that have legitimate need. If you **know of any alumni** (or others) who might want to contribute to this extremely important fund, please encourage that.

**MARK YOUR CALENDARS!**
